### EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Dan Altman on 4/20/2010.

The application has been amended as follows:

- Amend claim 7 to read: ". . . , with a monoalkylamine compound represented by General Formula (4) or a hydrochloric acid salt or sulfuric acid salt thereof: . . .".
- Amend claim 16 to read: "The process according to Claims 7, . . .".

2. The following is an examiner's statement of reasons for allowance:  
Applicant filed a certified translation of the Japanese priority document which properly supports the instant claims. As a result, the Yokozawa reference (US 6,984,738) used in the 102(e) and 103 rejections is not available as prior art and the rejections are therefore withdrawn. The ODP rejection is withdrawn, but will be made in the later filed application 11/989,100 if appropriate.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Art Unit: 1626
